JFH 2:30pm

Welcome to our busiest age group!

Our Juniors are at the studio usually for two hours every afternoon! Burn off some energy, make new friends, build confidence, learn some new skills and fall in love with the performin arts!

Highly recommend ACTiv Elite. My 2 daughters started here last year and we immediately felt like we were part of the "family".

Charisse is always warm, welcoming and friendly towards the kids and our family. All the teachers my daughters have are not only highly skilled but positive and passionate about the children and what they do.

My younger daughter has struggled with anxiety that holds her back from trying new things and joining activities- but since trialing ACTiv she hasn't looked back- not only learning new skills, but also showing a huge improvement with her confidence, self esteem and friendships.

There are so many options of different classes kids can join at ACTiv. My daughters absolute favourite at the moment is aerial skills with the amazing Ms Rachel!! And they can't wait for weekends to rehearse for the upcoming musical too! Such a range of options!

Thank you Activ for providing a friendly atmosphere to give my girls a chance to learn new things while encouraging them to be themselves and do their best. X

My daughter joined the Activ family about a year ago and she was welcomed so warmly and it feels like she has know everyone there for years. The teachers and staff are so encouraging and the studio really goes the extra mile to create a very fun, inclusive and family environment. Charisse always answers my many questions and does whatever she can to help.

A great studio for beginners and also for those students looking to excel. I am so happy my daughter is a part of this group and would definitely recommend Activ.

I would highly recommend 🙌 activ elite to anyone who wants to see results and see there child flourish in there passion as my daughter started singing there and her confidence has just gone to the next level as the teachers put a lot of effort in your child to see them grow and treat you like family. We love ❤️ Charisse and Julian there the best!
