Welcome to Rugrats!

Our exclusive program just for our youngest performers!

Classes introduce students to ballet, acrobatics, jazz, hip hop, music and drama. It's a fun and creative way to enhance children's confidence, balance, strength, flexibility, co-ordination and boost social skills.

Our Rugrats program helps assist in children preparing for Primary school and our primary aged classes.

Highly recommend Activ Elite performers. Cherise and team are extremely kind and patient especially with the Rugrats class. Concerts are fantastic to showcase the entire school and make all children feel special.

Active elite is the best place I have ever been to. It is such a fun learning environment and everyone there is so kind. I have enjoyed coming here a lot and I would definitely recommend coming here to other people who want to do performing arts or any type of dancing such as jazz, rug rats, ballet or contemp.

A lovely dance school for little performers. My 4yo was gifted a few classes and loved every one. The teachers are great at connecting with the kids and the classes are full of smiling faces.
